

Isabelle Heath

Full-Stack & HCI Software Engineer

Provo, UT | (281) 323-2295 | izziecheath@gmail.com | github.com/izzie-heath | linkedin.com/in/isabelleheath05

EXECUTIVE SUMMARY

- **Full-Stack & HCI Engineer:** Computer Science student specializing in full-stack web applications, backend database optimization, and user-centered design serving over 1.1M users.
- **Technical Leadership:** Lab Lead managing a team of 12+ student developers, driving product features from Figma prototypes to containerized Docker deployments.

EDUCATION

Brigham Young University | *Expected Spring 2028*

B.S. Computer Science, Human-Computer Interaction Emphasis

Relevant Coursework: Data Structures, Advanced Software Construction, Web Programming, HCI

Involvement: Women in Computer Science (WICS), UX Design Association

SKILLS

Languages: Python, Java, C++, C, JavaScript, TypeScript, HTML/CSS, SQL

Frameworks & Web: React, React Native, Node.js, Express, WebSockets, REST APIs

Databases & DevOps: PostgreSQL, MongoDB, Docker, AWS, Git

Design: Figma, UI/UX design, responsive web design

EXPERIENCE

Lab Lead | BYU Family History Technology Lab | *Oct 2024 - Present*

- Promoted from Research Assistant to lead 12+ developers, running weekly meetings and training hires while building software to facilitate genealogy
- Built Relative Finder backend features in PostgreSQL and Docker, optimizing a genealogy platform that has since grown to 1.1M+ unique users
- Redesigned Virtual Pedigree landing page and help guides in React for 250K+ users
- Designed Funeral Memories' mobile UI from Figma to React; presented it to 200+ at RootsTech and BYU

CEO, Founder & Instructor | Camp Coderpillar | *Jun 2025 - Present*

- Founded a kids' coding camp with original curriculum, earning ~\$3,000 within 2 months of deployment
- Built the website and registration system (campcoderpillar.com), including UX design and technical setup
- Managed all aspects of the business, including curriculum development, marketing, communications, parent outreach, materials prep, and tech setup

Lead Coding Instructor | iCode | *Jul 2023 - Aug 2024*

- Taught 100+ students robotics, game design, and CS fundamentals in Python and JavaScript

PROJECTS

HABITat | React, Express, MongoDB, WebSockets, AWS | *Fall 2025*

- Built a full-stack web app solo that gamifies and incentivizes habit tracking

Keep In Tune | React Native, Node.js, MongoDB | *Fall 2026*

- Created a cross-platform mobile app for sharing and discovering music with friends

HONORS

Women Tech Awards: Invited attendee, Salt Lake City

President's Award for Educational Excellence: 4.0 GPA, top 3% of high school class
